

addValueToLeaderboard

```
graph LR; A[addValueToLeaderboard] --> B[updateLeaderboard]
```

A flow diagram consisting of two rectangular boxes connected by a horizontal arrow. The first box on the left is shaded light gray and contains the text 'addValueToLeaderboard'. A dark blue arrow points from the right side of this box to the left side of the second box. The second box on the right is white and contains the text 'updateLeaderboard'. Both boxes have a thin black border.

updateLeaderboard
